

Board of County Commissioners
Inter-Office Memorandum

Date: March 3, 2005

To: Tom Brantley, Committee Chairman

From: Keith M. Roberts, Purchasing Director

Subject: Vendor Volumes for Committee Review Purposes

The following table contains the vendor volumes pursuant to Board direction and the scoring criteria contained in the RFP for construction management services. These figures reflect the dollar payments to the vendors for services rendered during the past two completed fiscal years.

Also, please be sure to note that as orally stated at the initial meeting, all of the vendors are certified local vendors even though the memorandum of that date excluded one who has since completed the process and should be given credit.
